# Creative Kidz KinderCare

## Our Mission

Creative Kidz Kinder Care takes pride in providing the highest level of care to our families. Our facility is designed to make your child feel comfortable, accepted and confident as they learn and interact with other children. All of our staff have earned their certifications or degrees in early childhood education and have passed all of our strict background and reference checks. We only employ the best teachers and staff to care for our students. All staff members are trained to teach an age appropriate curriculum to all children at every level of their development. Staff retention rate is very high.

*Connor started Creative Wonders Learning Center on Monday... and so far, he couldn't be happier (or healthier!) with my decision to put him in there and neither could I! Classes for me start on Monday and I'm so excited to get this eight weeks done and start nursing.*  
- Karen

## Interested in Enrolling?

Please fill out the application and enrollment packet and drop the paperwork off at the front desk once completed. This is a great opportunity for your kids to be included in a community where they can grow and learn on a daily basis.

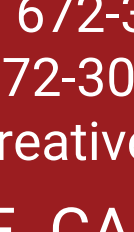

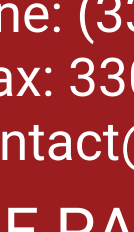

**ENROLL NOW**

## Interested in Joining Our Team?

Please fill out the application packet and drop the paperwork off at the front desk once completed. This is a great opportunity for you to work with kids to help them grow in their own strengths.

**APPLY NOW**
